TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 24—FORMAL EDUCATION REQUIREMENTS FOR APPOINTMENT TO CERTAIN SCIENTIFIC, TECHNICAL, AND PROFESSIONAL POSITIONS

TEACHER AND SUBSTITUTE TEACHER IN INDIAN SCHOOLS

Section 24.14 is amended to read as follows:

§ 24.14 *Teacher and substitute (temporary) teacher, SP-250-5-7 and SP-251-4-6, in Indian schools*—(a) *Educational requirement.* Applicants must have completed a full four-year course in an accredited college or university, which must have included or been supplemented by 18 semester hours credit in education with major study in education or in the particular subject-matter area in which the duties as a teacher are to be performed.

NOTE: For temporary appointment of substitute teacher, elementary grades (1-8), SP-251-4, this educational requirement may be modified to require only two full years of study in the education department of an accredited college or university; and for temporary appointment of substitute teacher, agriculture, SP-250-5-7, this educational requirement may be modified to require only two full years of study in the agriculture department of an accredited college or university.

(b) *Duties.* Teachers in Indian schools draw upon their general experience and the resources of the environment to implement an educational program. Emphasis is placed upon group discussions and informal educative processes. They exercise educational leadership throughout the community.

(c) *Knowledge and training requisite for performance of duties.* The duties to be performed require a knowledge of teaching principles and techniques, an understanding of the developmental stages, both physical and mental, of young people, the ability to recognize special instructional problems that arise in teaching situations, thorough knowledge of the subject-matter area being taught, and an understanding of the interrelationship between the formal school situation and non-school activities as educative factors. To be a successful teacher a person must have a

definite and consistent philosophy of education, an understanding of the objectives of formal education, and an ability in the ability to choose and implement suitable means to accomplish those objectives. This knowledge, understanding, and ability, can be gained only through supervised training, under competent instructors, in accredited colleges and universities. By such training the student is guided in his reading and evaluation of the literature, which is so voluminous that an individual cannot master it on his own initiative or by random study. The student has access to libraries and laboratories; is given opportunity to observe methods of devising and materials for implementing an educational program; and, in a supervised setting, can experiment for himself under professional guidance. 60.2 Transportation with reimbursement.	
60.3 Transportation of non-governmental passengers and cargo.	
60.4 Competition with United States Commercial Air Transportation.	
60.5 Issuance of joint regulations.	

AUTHORITY: §§ 60.1 to 60.5 issued under 61 Stat. 495; E. O. 9886, August 22, 1947, 12 F. R. 5689, 3 CFR 1947 Supp.

§ 60.1 *Transportation without reimbursement.* The Department of the Air Force and the Navy Department may provide air transportation, without reimbursement therefor, when the traffic is primarily of official concern to the National Military Establishment.

(a) Responsibility for the determination as to whether such traffic is primarily of official concern to the National Military Establishment is delegated to the department sponsoring the transportation in accordance with current directives of the Army, Navy and Air Force concerning the establishment of priority for movement via military aircraft.

(b) Requests for travel, without reimbursement, by members of the Congress or high government officials, whose travel is primarily of official concern to the National Military Establishment should be screened and approved by the chairman of the congressional committee upon which the Member of Congress is serving or, in the case of officials of other government agencies, the head of the governmental department to which the official is attached, and the request then forwarded preferably in writing by such committee chairman or department head to the Secretary of the military department (Army, Navy or Air Force) sponsoring the transportation. Cases not sponsored by any of the three military departments will be referred to the Military Air Transport Board which will recommend approval or disapproval thereof to the Office of the Secretary of the Air Force.

§ 60.2 *Transportation with reimbursement.* In cases not covered by § 60.1, the Department of the Air Force and the Department of the Navy may provide air transportation with reimbursement therefor and subject to other restrictions thereon in accordance with the provisions of applicable law, when the traffic is of official concern to other Government departments or agencies, or to the legislative or the judicial branch of the Government, except as noted in § 60.4. Requests for transportation in this category should be directed to the Department of the Air Force.

§ 60.3 *Transportation of non-governmental passengers and cargo.* In order to facilitate the transition from war to peace, non-governmental passengers and cargo not within the scope of the foregoing provisions may be furnished air transportation by the Department of the Air Force and the Department of the Navy, to or from places outside the continental United States, with reimbursement therefor at not less than the current commercial rates including taxes, upon certification by the Department of State or by the Department of the Army, Air Force or Navy acting for the Department of State, that the furnishing of such transportation is in the national interest, except as noted in § 60.4.

§ 60.4 *Competition with United States Commercial Air Transportation.* As a general policy the aviation organization of the armed forces shall not be placed in a position of competing with United

States commercial air transportation, therefore, in no case will air transportation under the provisions of §§ 60.2 and 60.3 be provided on any given route if the Civil Aeronautics Board certifies that, in its opinion, United States civil air carriers adequate to handle such traffic are in operation on that route.

§ 60.5 *Issuance of joint regulations.* The Secretaries of the Army, Navy, and Air Force shall prescribe appropriate joint regulations to carry out the purposes of this part.

Effective date. This order shall be effective at 12:00 noon on January 1, 1949.

PROPOSED RULE MAKING

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 13]

[Docket No. 9210]

COMMERCIAL RADIO OPERATORS

NOTICE OF PROPOSED RULE MAKING

1. Notice is hereby given of proposed rule making in the above entitled matter.

2. Under the proposed rule changes, the operation of aircraft radiotelegraph stations will be limited to holders of radiotelegraph first or second class licenses who have additionally qualified for that duty by the successful completion of a special supplemental examination. The proposed supplemental examination would include establishment of the operator's ability to transmit and receive radiotelegraph messages at a speed of twenty-five (25) words per minute plain language and twenty (20) code groups per minute, and would also include a written examination covering the basic theory and practice concerning the operation of radio communications and radio navigational systems in general use on aircraft.

3. If the proposed rule changes are finally adopted, it is expected that the effective date of the new requirements would be not less than 6 months after the date of final action by the Commission.

4. The present holders of radiotelegraph first or second class licenses would not be required to take the proposed supplemental examination if they have had satisfactory service as a chief or sole radiotelegraph operator on aircraft prior to the effective date of the proposed amendments.

5. The proposed rule changes are for the purpose of conforming with the recommended standards of the Personnel Licensing Division of the International Civil Aviation Organization in respect to "Flight Radio Operators", which are the type of operators required for overseas and international flights of commercial aircraft when using radiotelegraphy. These standards specify the above additional requirements as well as specifying the minimum age and physical qualifications of the operator, his experience as aircraft radiotelegraph operator and

other matters. They have been adopted by the Civil Aeronautics Board and incorporated into the Civil Air Regulations.

6. The proposed rule changes are issued by the Commission in accordance with its obligation under the Communications Act of 1934, as amended, to prescribe the qualifications of radio station operators, to classify them according to the duties to be performed, to fix the forms of such licenses and to issue them to such citizens of the United States as the Commission finds qualified. The Commission, the Civil Aeronautics Board and the Civil Aeronautics Administration will coordinate their rules and procedures to avoid, so far as possible, any duplication of examination requirements for the Radio Operator License and the Airman Certificate both of which are required to be held by the Flight Radio Operator.

7. The proposed amendments, authority for which is contained in sections 303 (1) and 303 (r) of the Communications Act of 1934, as amended, are set forth below.

8. Any interested party who is of the opinion that the proposed amendments should not be adopted, or should not be adopted in the form set forth, may file with the Commission, on or before February 28, 1949 a written statement or brief setting forth his comments. At the same time, persons favoring the amendments as proposed may file statements in support thereof. The Commission will consider any such comments that are received before taking any final action regarding the proposed amendments, and if any comments are received which appear to warrant the holding of an oral argument before final action is taken, notice of the time and place of such oral argument will be given.

9. In accordance with § 1.764 of the Commission's rules and regulations, an original and at least fourteen copies of all statements, briefs or comments shall be furnished the Commission.

Adopted: January 14, 1949.

Released: January 17, 1949

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] T. J. SLOWIE,
Secretary.

(i) Transmitting and receiving code test at twenty-five (25) words per minute plain language and twenty (20) code groups per minute.

PERMIT

JANUARY 17, 1949.

Public notice is hereby given, pursuant to the provisions of the Federal Power Act (16 U. S. C. 791a-825r), that Pacific Gas and Electric Company, of San Francisco, California, has made application under the act for preliminary permit for a period of 24 months for a proposed hydroelectric project to be located on American River in Sacramento County, California. The proposed project, designated by applicant as the "Lower American River Development" and by the

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1902]

COMMONWEALTH & SOUTHERN CORP. ET AL.
SUPPLEMENTAL ORDER GRANTING AND PER-
MITTING APPLICATIONS-DECLARATIONS TO
BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 14th day of January 1949.

In the matter of The Commonwealth & Southern Corporation (Delaware), Southern Indiana Gas and Electric Company, The Commonwealth & Southern Corporation (New York), File No. 70-1902.

The Commonwealth & Southern Corporation (of Delaware), a registered holding company ("Commonwealth"), Southern Indiana Gas and Electric Company ("Southern Indiana"), a direct public utility subsidiary of Commonwealth, and The Commonwealth & Southern Corporation (of New York), a mutual service subsidiary company of Commonwealth, hereinafter referred to as "Service Company," having filed joint applications-declarations, and amendments thereto, pursuant to sections 6 (a), 7, 9 (a), 10, 12 (c), 12 (d) and 12 (f) of the Public Utility Holding Company Act of 1935 (the "act") and Rules U-42, U-43, and U-44 thereunder concerning, among other things, the reclassification of the outstanding common stock of Southern Indiana, the sale of additional shares of common stock of Southern Indiana and the divestment by Commonwealth of its interest in such company; and

The Commission, by its order dated September 9, 1948, having granted Commonwealth an exemption from the competitive bidding requirements of Rule U-50 in connection with the sale of Southern Indiana's common stock owned by it, and having further, by its order dated November 10, 1948, granted said applications-declarations as amended in all other respects, except with respect to the proposed sale of Southern Indiana common stock to underwriters and subject to a reservation of jurisdiction with respect to legal fees and expenses and with respect to Commonwealth's request for findings, recitals and provisions pursuant to sections 371 (f) and 1808 (f) of the Internal Revenue Code; and

Further amendments having been filed herein setting forth in brief as follows:

After discussions with various investment banking firms, Southern Indiana and Commonwealth have entered into a contract with Smith, Barney & Co., a syndicate representative, for the sale of 685,000 shares of Southern Indiana common stock for \$12,330,000 at a price of \$18.00 per share. The stock will be resold by Smith, Barney & Co. to the public at a price of \$19.50 per share, resulting in an underwriter's spread of \$1.50 per share. Of the 685,000 shares to be sold, 600,000 shares represent Commonwealth's interest in Southern Indiana and 85,000 shares represent additional shares of common stock of Southern Indiana which the latter company will, under the contract, sell to Commonwealth for immediate resale to Smith, Barney & Co. Commonwealth has agreed that it will apply the proceeds from the sale of the additional shares of common stock to the payment to Southern Indiana of the purchase price of said shares. Commonwealth proposes to apply the proceeds from its sale of 600,000 shares to the pro tanto payment and retirement of indebtedness, evidenced by its outstanding notes, which, as of the 13th day of January 1949, totalled \$20,000,000. Southern Indiana will use the proceeds from the sale of its additional common stock to assist it in the financing of its current construction program.

A public hearing having been held after appropriate notice and Otis & Company, an investment banking concern, having entered an appearance at the hearing and having filed a statement of views; and

The Commission having considered the entire record herein and finding no basis for imposing terms and conditions with respect to the price to be paid or the underwriter's spread:

It is ordered, That the joint applications-declarations, as further amended be, and the same hereby are, granted and permitted to become effective forthwith, subject, however, to the terms and conditions prescribed by Rule U-24 and to the continuance of the jurisdiction heretofore reserved with respect to all fees and expenses of counsel to be paid in connection with the proposed transactions.

It is further ordered and recited, That the transactions hereinafter specified are necessary or appropriate to the integration or simplification of the Commonwealth holding company system (of which Commonwealth, Southern Indiana, the Service Company and all of the other subsidiaries of Commonwealth, including The Southern Company and its subsidiaries, are members) are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935, and are hereby authorized and approved:

1. The change by Southern Indiana of its 400,000 shares, without par value, of common stock now outstanding into 600,000 shares, without par value, of common stock and the issue and delivery of said shares, and of certificates therefor, to Commonwealth, or on its order, the

acquisition by Commonwealth of said shares, and for such purposes the delivery by Commonwealth to Southern Indiana, for cancellation and retirement, of the 400,000 shares now outstanding and of the certificates therefor.

2. The sale, transfer and delivery of 600,000 shares of the common stock of Southern Indiana by Commonwealth to the several underwriters named in and in accordance with the terms of the underwriting agreement, dated January 13, 1949, between Commonwealth, Southern Indiana and Smith, Barney & Co. acting on behalf of itself and as representative of the other underwriters named therein, for \$18.00 per share or an aggregate of \$10,800,000 and the receipt by Commonwealth of said \$10,800,000, and the application and expenditure thereof, or an amount equal thereto, to the payment and cancellation of indebtedness of Commonwealth to various banks under its Loan Agreement, dated as of July 21, 1948 (and, to the extent so paid, of the notes evidencing such indebtedness).

3. The sale, transfer and delivery by Commonwealth to the aforesaid underwriters in accordance with the aforesaid underwriting agreement of 85,000 additional shares of common stock of Southern Indiana for \$18.00 per share or an aggregate of \$1,530,000 and the receipt by Commonwealth of said \$1,530,000, and the application and expenditure thereof, or an amount equal thereto, to the payment of Southern Indiana for said additional shares.

4. The transfer and delivery by Southern Indiana to the Service Company of 162 shares of the capital stock of the Service Company, of the par value of \$100 per share, against the payment therefor of \$16,200 by the Service Company to Southern Indiana.

5. The transfer and delivery by the Service Company to one or more of its stockholders other than Southern Indiana (all such other stockholders being members of Commonwealth's holding company system) of said 162 shares of capital stock of the Service Company against payment therefor to the Service Company of \$100 per share (or an aggregate of \$16,200 for all of said shares) in accordance with the proposal approved by this Commission for allocation, from time to time, of the outstanding 4,500 shares of the capital stock of the Service Company among its stockholders substantially in the proportions of their respective gross revenues to the aggregate gross revenues of all said stockholders.

By the Commission.

MIDDLE WEST CORP. AND KENTUCKY
UTILITIES CO.

ORDER GRANTING APPLICATION AND PERMIT-
TING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its

office in the city of Washington, D. C., on the 14th day of January A. D. 1949.

The Middle West Corporation ("Middle West"), a registered holding company, and its subsidiary, Kentucky Utilities Company ("Kentucky"), a public utility company, having filed a joint application-declaration and an amendment thereto, pursuant to sections 6 (a), 7, 9 (a), 10, 11 (b) and 12 (f) of the Public Utility Holding Company Act of 1935 and Rules U-42 and U-43 promulgated thereunder.

The Commission, on January 24, 1944, pursuant to section 11 (b) (1) of the act, required Middle West to sever its relationship with certain of its subsidiary companies. Subsequent thereto, Middle West submitted to its stockholders a program for effectuating compliance with section 11 (b) of the act by the liquidation and dissolution of the company. This program was approved and authorized by the stockholders of Middle West. In furtherance of such program Middle West proposes the following transactions:

Middle West, the owner of all the outstanding common stock of Kentucky, consisting of 1,655,000 shares of \$10 par value, proposes to distribute on January 27, 1949, to its stockholders of record on December 28, 1948, one share of Kentucky's common stock for each two shares of Middle West common stock held. In lieu of fractional shares, Middle West will distribute to its stockholders non-dividend bearing and non-voting scrip certificates of Kentucky. These certificates, which will be in bearer form, will be issued by Kentucky to Middle West in exchange for full shares of Kentucky common stock. By their terms, the scrip certificates will become void after December 31, 1953, but on or before said date such certificates, when combined with other scrip certificates in amounts equal in the aggregate to one or more full shares of common stock, may be surrendered to Kentucky in exchange for full shares of common stock. It is estimated that scrip certificates representing 5,300 shares of common stock of Kentucky will be issued. Said shares of common stock, to the extent not delivered against the surrender of scrip certificates, will be cancelled upon the expiration of such scrip certificates.

Middle West reserves the right to fix a reasonable period of time upon the expiration of which all rights of stockholders of Middle West who cannot be located in such period and on behalf of whom no valid claim is made during such period, shall cease and determine, subject, however, to the approval of this Commission with respect to such period of time, the conditions to be complied with and the steps to be taken to make operative the right so reserved.

Middle West further proposes, after the proposed distribution of common stock of Kentucky, to sell at the market price the 1,349 shares of common stock of Kentucky not required or reserved for distribution either in connection with the present proposal or the distribution to be made on 13,083.55 shares of Middle West stock reserved under the

plan of reorganization of Middle West Utilities Company, predecessor of Middle West.

Middle West's expenses in connection with the proposed transactions are estimated at \$10,775, including \$175 for legal services. Kentucky anticipates no legal expense and has estimated its other expenses at \$12,200.

Said application-declaration having been filed on December 23, 1948, and the amendment thereto having been filed on January 6, 1949, and notice of said filings having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application-declaration within the period specified, or otherwise, and not having ordered a hearing thereon; and

It appearing to the Commission that no Federal commission, other than this Commission and no State commission has jurisdiction over the proposed transactions; and

The Commission finding that the requirements of the applicable provisions of the act and the rules and regulations promulgated thereunder are satisfied and that no adverse findings are necessary with respect to said application-declaration, as amended, and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that said joint application-declaration, as amended, be granted and permitted to become effective, subject to the terms and conditions set forth below, and that the request of applicants-declarants that the Commission's order be accelerated and become effective forthwith be granted; and

Middle West and Kentucky having requested that the Commission enter an appropriate order approving and permitting to become effective the application-declaration and that said order conform to the requirements of sections 371, 372, 373 and 1808 (f) of the Internal Revenue Code, as amended, and the Commission finding that the transactions proposed in the said application-declaration are necessary or appropriate to effectuate the provisions of section 11 (b) of the act, and the Commission deeming it appropriate to grant the request of applicants-declarants:

It is ordered, That, pursuant to Rule U-23 and the applicable provisions of the act, said joint application-declaration, as amended, of Middle West and Kentucky be, and the same hereby is, granted and permitted to become effective forthwith subject, however, to the terms and conditions prescribed in Rule U-24, and subject to the further condition that jurisdiction be reserved with respect to all accounting entries proposed to be made by Middle West in connection with the transactions herein.

It is further ordered, That jurisdiction be, and hereby is, reserved to take such further action as may be necessary with respect to the determination of the rights of stockholders of Middle West who cannot be located, and on behalf of whom no valid claim is made, to participate in the distribution of full shares of common stock of Kentucky proposed to be made by Middle West.

It is further ordered and recited, That the distribution by Middle West to its stockholders of record at the close of business on December 28, 1948 (including stockholders for whom shares of Middle West have been reserved for issue upon conversion of scrip certificates issued under the plan of reorganization of Middle West Utilities Company and/or shares reserved for issue upon surrender of outstanding certificates of deposit issued by depositories for committees and by receivers in proceedings for the reorganization of Middle West Utilities Company), as one of a series of distributions in complete liquidation of The Middle West Corporation, of one (1) share of common stock of Kentucky of the par value of \$10 for each two (2) shares of common stock of Middle West outstanding or reserved on said date; the distribution by Middle West to its stockholders of non-dividend bearing and non-voting scrip certificates in bearer form to be issued by Kentucky in lieu of fractional shares of stock of Kentucky; the issue by Kentucky of said scrip certificates to Middle West; the surrender or transfer by Middle West to Kentucky of full shares of common stock of Kentucky, representing said fractional shares, in exchange for said scrip certificates; and the surrender or transfer of full shares of its common stock by Kentucky in exchange for scrip certificates representing said shares, on surrender of scrip certificates distributed by Middle West; all in the manner provided in the application-declaration filed in this proceeding, are and each is, necessary or appropriate to the integration or simplification of the holding company system of Middle West and are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935.

It is further ordered and recited, That the sale and transfer by Middle West of 1,349 shares of common stock of Kentucky of the par value of \$10 each are necessary or appropriate to effectuate the provisions of section 11 (b) of the act.

By the Commission.
